

Please volunteer for at least several different entries.

The biggest jobs are:

- **Tent team – 2 families** – It’s a rotation such that one family gets to race 1.5 hours before it begins to set up the tent. Another family stays until the end of the race and brings the tent home – and then brings to the next race. Family 1 then is responsible to take the tent home. It’s not like you have to set up or break down by yourselves. Skiers are at the race and they help.
- **Hot Tang team – 2 families** – It’s a rotation such that “Family 1” gets to race by the start time with HOT TANG & the supply bin. “Family 2” stays until the end of the race and brings the supplies home, cleans them – and then brings to the next race. “Family 1” is then responsible to take the supplies home. **Miller family has volunteered to be “Family 1.”**
- **Spaghetti feeds** – they’re easier than they sound – and very fun. There is even a shopper who delivers your ingredients.
- **Regions BBQ Shopper & Coordinator** – the list of items to purchase is made. One trip to Costco & Fred Meyer is all it takes. We have an assortment of supplies from previous years. Coordinate the set-up and break-down. It’s pretty easy. There is always plenty of help.

Of course we need you for all sorts of other opportunities as well. You will be notified of openings available as the season progresses.

Your booster fee goes toward

- Propane for heaters and miscellaneous tent items
- Hot Tang supplies (Tang, cups, etc.)
- Spaghetti feeds
- Embroidery on jackets
- Supplemental wax that ASD does not buy
- Regions BBQ food & supplies
- Season banquet supplies (event is a potluck)
- Coaches’ gifts at end of season (shhh, it’s always a surprise!)
- Booster coffee at races (& supplies)

Important Dates

- **Thursday, November 9 – AMH Night**
 - AMH offers deals to high school skiers at any time, but at AMH night, there are “special specials” AND pizza! They have extra staff on hand to help our skiers get fitted for gear. 6pm-8pm
